FELLA LEADERSHIP GROUP

Erin Fella Professional Biography

Website and proposal reference | November 1, 2026 | v2.3

Erin L. Fella brings more than 25 years of experience across the U.S. Air Force, U.S. Army and defense industry. Erin's work connects technical operations, enterprise leadership, mission support, program delivery and developing other leaders.

Current role

Program Manager at a defense contractor.

Selected previous experience

Defense Industry: Deputy Portfolio Manager and Technical Delivery Lead; Configuration Management Lead; IT Operations and Service Delivery Lead / Control Account Manager. Portfolio scope included approximately $40 million annually, seven programs and approximately 75 personnel; these figures do not imply all personnel were direct reports.

U.S. Army: Chief of IT / Chief of IT Plans, 4th Infantry Division; enterprise scope of 26,000 personnel and leadership and mentoring of more than 125 Signal Officers and 13 senior IT managers. Earlier space-operations assignments included a military command, the 1st Space Brigade and the 1st Space Battalion. U.S. Air Force experience included F-15 crew-chief work, air-warfare modeling and simulation, and executive-officer responsibilities.

Education and credentials

Ph.D. in Organizational Leadership in progress, anticipated completion 2028; M.S. in Space Studies with honors; B.S. in Computer Science summa cum laude. Professional development includes PMP, ITIL v3, Earned Value Management training and military leadership and space-operations education. Military and industry experience does not imply organizational endorsement.
